OIL FUTURES

Long favored by chefs like Alain Passard and Daniel Boulud, Huilerie Beaujolaise's 100 percent virgin oils are now available to us all. Used to finish everything from salads to fish, the clean, vibrant-tasting oils—in flavors like argan, poppy seed, and, our favorite, pistachio—elevate dishes to a whole new level. *From \$7.50 to \$15 for a 3.4-ounce bottle (millissime.com).*
